

# McELVEEN SOLUTIONS GROUP

TECHNOLOGY | SECURITY | LOGISTICS | MISSION

Veteran-led solutions for government, prime contractors, and mission-driven organizations

## MASTER CAPABILITY STATEMENT

**MSG integrates cybersecurity, responsible technology modernization, data intelligence, program discipline, and logistics coordination through one accountable leadership team.**

### CORE COMPETENCIES

- Cybersecurity governance, RMF documentation, authorization support, vulnerability assessment support, and virtual CISO advisory
- CMMC readiness: scoping, control-gap analysis, SSP and evidence support; formal assessment and certification remain independent
- AI readiness, responsible adoption planning, cloud-security strategy, and technology-modernization roadmaps
- Executive dashboards, business intelligence, reporting automation, data analysis, and workflow improvement
- Program support, process improvement, requirements documentation, quality checks, and knowledge transfer
- Supply-chain consulting, transportation coordination, freight support, and mission logistics planning

### WHY MSG

- Credentialed leadership: CISSP, CEH, SSCP, Security+ CE, PMP, Lean Six Sigma Black Belt, and CSCP
- Leadership experience across Department of Defense cybersecurity, program management, and military logistics
- Security, quality, schedule, risk, and acceptance criteria established at engagement start
- Lean executive accountability with scalable delivery through vetted personnel and qualified teaming partners
- Clear, accurate status reporting with early escalation and documented corrective action

### PRIME AND TEAMING DELIVERY

- Prime-ready management approach: work breakdown, ownership, milestones, risk tracking, quality control, and customer reporting
- Subcontractor governance: defined scope, security and contractual flow-downs, deliverable review, issue escalation, and performance visibility
- Flexible role as prime, subcontractor, or specialized teaming partner when registration, responsibility, capacity, and solicitation requirements are met

### COMPANY AND CONTRACTING PROFILE

#### LEGAL BUSINESS NAME

McElveen Solutions Group LLC

#### HEADQUARTERS

Florence, South Carolina | Nationwide support

#### OWNERSHIP

100% veteran owned; majority owned by a service-disabled veteran woman

#### CERTIFICATION STATUS
